🎓 Education

High School, Gymnasium

September 2019 – May 2023 | Kakanj, BiH

Graduated from the Gymnasium in Kakanj with excellent academic success. Developed a solid foundation in mathematics, sciences, and languages, achieving a B2 proficiency in both English and German.

Software engineering, Polytechnic

September 2023 – present | Zenica, BiH

Final-year Software Engineering student at the Polytechnic Faculty in Zenica, dedicated to deepening knowledge in programming, software architecture, and innovative digital solutions.

🧩 Experience

Video Editing

September 2023 – present

Created and edited gaming content for a personal YouTube channel, focusing on engaging and dynamic video presentations. Experienced in streaming and producing high-quality gaming videos using DaVinci Resolve. Developed skills in video editing, color correction, and audio enhancement to improve viewer experience and build an online community.

AI Training (Outlier)

July 2024 – March 2025

Worked on AI training tasks through the Outlier platform, including evaluating model outputs, improving prompt quality, and providing high-quality data annotations. Developed strong analytical skills and gained hands-on experience with large language model behavior.
